UX?

Use Bookmarklet to Create
new Bookmark

Use Bookmarklet to Update
existing Bookmark

Add Tags to Bookmark

Add Annotation to Bookmark

Open question about
editing annotations: they
are typically copy&paste
notes from a webpage

Create a Conversation
with Annotation as Root

Transclude Annotation
into Conversation

Authenticated Conversation UX?

Existing Conversation

New Conversation?

Start a Conversation based on an existing Node

Use Conversation App to start a New Conversation

Use Conversation Response Type Selectors to Respond to selected Node

All node types except?

User Nodes
